SUMMARY

- I am a Software Developer with a strong foundation in Java, Data Structures Algorithms, and modern web development. Proficient in building scalable and responsive web applications using React, Node.js, MongoDB, and SQL, with hands-on experience gained through academic projects and internships, and a strong focus on writing clean, efficient, and maintainable code.

EDUCATION

Hindustan College of Science and Technology

Mathura, Uttar Pradesh

B.Tech-Computer Science and Engineering - CGPA - 7.0

2022 – 2026

Shivalik Public School

Agra, Uttar Pradesh

XII class Science Steam (PCM) : - PERCENTAGE - 7.1

2020 – 2021

WORK EXPERIENCE (Virtual Internships)

rcpl

Sept 2024 to 08th Nov 2024

Role - Full Stack Development

Kanpur, Uttar Pradesh

- Handled backend development including server-side logic, API integration, and data management.
- Integrated frontend components with backend services to ensure smooth functionality and performance

BHARAT INTERN

June 2024 to July 2024

Role - Backend Web Development

- Developed scalable backend services using Node.js, Express.js, and MongoDB, implementing RESTful APIs and efficient data handling.
- Optimized application performance, security, and seamless data flow between frontend and backend systems.

SkillBoom Intern

June 2025 to August 2025

Role - Web developer

Bhopal, Madhya Pradesh

- Designed responsive frontend interfaces and implemented robust backend logic using APIs, server-side processing, and structured data handling
- Integrated frontend and backend modules to ensure scalable architecture, smooth functionality, and optimized application performance.

PROJECTS

Blog App [\[Link\]](#)

Oct. 2024–Nov. 2024

- Built and managed backend services for a MERN-based BlogApp using Node.js, Express.js, and MongoDB, including RESTful APIs and database operations.
- Implemented secure data handling and optimized backend performance to support scalable and reliable application functionality

Library Management System [\[Link\]](#)

June 2025–August 2025

- Developed a Library Management System using Java Swing, implementing a clean and interactive UI for managing book records (add, view, edit, delete).
- Applied event handling, data management, and table-based display to ensure smooth user interaction and reliable system functionality.

TECHNICAL SKILLS

Languages: Java, Python, JavaScript

Technologies/Frameworks: React, Node.js, MongoDB, React Native, HTML, CSS, REST APIs

Developer Tools: VS Code, IntelliJ IDEA, PyCharm, Canva

Certifications

- Full Stack Web Development with MERN Stack & GenAI – Udemy
- Full Stack Web Developer (Advance) Training – RCPL Centre of Excellence (Grade A+)
